

NEWPUPHANDBOOK

New Pup Handbook

Vet visits, potty training, feeding, and every first —
tracked in one place for your new best friend.

9 printable & fillable pages · for new puppy & dog owners

How to use this handbook

Everything a new puppy parent actually needs to track.

The first months with a new puppy come with a lot to remember — vet visits, vaccines, potty training progress, and which commands you've actually started on. This handbook keeps it all in one place instead of scattered across your phone notes.

Puppy Info Sheet

Name, breed, birthdate, microchip number, and vet contact — all in one spot.

Vet & Vaccination Tracker

Every appointment and shot, with the next one due date.

Potty Training Log

Track accidents and successes day by day to spot the pattern.

Feeding & Weight Tracker

Keep an eye on growth and feeding amounts as they change.

Training Command Tracker

See which commands are mastered and which need more work.

Daily Routine Schedule

Build a consistent routine — puppies thrive on it.

Puppy Info Sheet

The essentials, all in one place.

Name & nickname

Breed & birthdate

Microchip number

Vet name & phone number

Emergency vet / after-hours clinic

Allergies or health notes

Vet & Vaccination Tracker

Every appointment and shot, with the next due date.

[illegible]
